COMPUTING YOUR GRADE POINT AVERAGE

STEP 1

- Write down the grade received and units earned for each course.
- Check the chart for the grade points assigned to each grade.
- Multiply the earned units by the grade points.
- Total the earned hours and quality points.

Course	Grade	Units	X Grade Points	= Quality Points
Engl 1	CR	0.0	0.0	0.0
Math 1	B	3.0	3.0	9.0
Coms 5	B+	3.0	3.3	9.9
Hist 17A	C	3.0	2.0	6.0
Psy 1	A-	3.0	3.7	11.1
TOTAL		12.0		36.0

STEP 2

Divide the quality points by the units to determine the GPA for that individual semester.

$$\text{Quality Points} \div \text{Units} = \text{GPA}$$

$$36 \quad 12 \quad 3.0$$

STEP 3

To determine overall GPA, total the quality points from current semester and previous semesters. Total the units from current semester and previous semesters. Divide the quality points by the units for cumulative GPA.

POLICIES AND PROCEDURES

The College of Business Administration has policies and procedures in place that are unique to our college. It is the responsibility of the student to be aware of the policies. Listed below are three (3) of the more common policies for your information. Please refer to csus.edu/cba/ose under Forms button for detailed explanations of the policies below and for a complete list of all CBA Academic Standards.

Course Repeat Policy

- College of Business Administration lower division and upper division major requirements may be repeated twice (for a total of three [3] attempts). If a required course is not completed with a minimum C- grade in three attempts, the student may not continue in the CBA major.
- If a course is attempted three (3) times, the second and third attempt will be averaged in the grade point average (GPA).

Minimum Grade and GPA Requirements

- The minimum acceptable grade for any undergraduate course required for the business administration degree is "C-"; except MATH 24 must be completed with a minimum "C" grade.
- A minimum grade point average of 2.0 ("C") is required in each of the following areas: lower division business courses, major core courses, and the concentration courses.

Currency of Knowledge Requirement

- Upper division courses used to satisfy graduation requirements must have been completed within ten (10) years of the date of graduation.
- Students are able to petition the CBA Academic Standards Committee for credit for the courses with Currency of Knowledge issues if the student shows extensive experience in the area. The burden rests upon the student to demonstrate how his/her experience satisfies the requirement of currency. Contact the UBAC at (916) 278-BIZZ (2499) for further information, or go to the UBAC website at csus.edu/cba/ose.

Reinstatement Policy

Undergraduate Business Administration majors who have been disqualified from the University will not be allowed to enroll in 100-level business courses until they have been reinstated into the business major. In order for students to qualify to petition for reinstatement into the business administration major, they must be in good standing according to University standards. Undergraduate business students seeking reinstatement to the CBA must reapply to the major through the impactation process.

Each year we award more than \$100,000 in scholarships.

OUTSTANDING STUDENT AWARDS AND DEAN'S AWARD

Each year the CBA recognizes our very best students by awarding nearly twenty "outstanding student" awards to graduating seniors who have achieved exceptional academic success while also making significant contributions to the campus

and community. These students are honored at our Annual Awards Banquet, along with scholarship recipients and those students who have held leadership roles in the college. Each year the Dean's Award is presented to a truly extraordinary student. This student is also recognized by the President of Sacramento State at the President's Honor Reception, where one student from the university is chosen to receive the President's Honor Medal.
