

Foreign Student Health Insurance Notice

Newcomers to Taiwan without the National Health Insurance Card

During student registration, new foreign students shall enclose the medical and injury insurance certificate for being insured abroad for a minimum of four months from the date of arrival certified by the overseas representative office.

Foreign students who come to Taiwan to attend school are required to participate in Taiwan's National Health Insurance pursuant to the law once they have been residing in Taiwan for four months. Such students can participate in National Health Insurance through the university or be insured by the town or city hall where they reside.

With a National Health Insurance Card prior to Schooling

Students can participate in National Health Insurance through the university or be insured by the town or city hall where they reside. The insured shall be responsible for paying the monthly insurance fees (NT659).
